Questions & concerns to you, our Membership

- Consortium growing at an exponential rate. What are the pros & cons? What do we need to prepare ourselves for? What risks do we want to avoid/ manage already now?

- How do we avoid skewing imbalances even more?
  - especially IP, gender, geographic representation

- Should we prioritise IPLC Members, and IP + female Honorary members, in new recruitment/nominations?

- Gathering & updating HM info (upon nomination, then every 2 yrs?) – keeping it simple and positive

- (How) should we proceed with Membership review?
