

# Fundraising Activity 2019

- Approach to fundraising in line with our Strategic Plan - i.e., intentional shift from small number of 'original' funders to more diverse funders for both core and programmatic activities (including specific themes)
  - Currently undergoing “Emerge Process” – review and development of fundraising strategy
- Key issues to consider in the future:
  - Identifying what 'aligned funders' means for the Consortium and focusing on those
  - Fundraising in the context of the regionalisation process (roles and responsibilities of Regional Hubs and Councils / Global Secretariat and Council)

## Ongoing funding from previous years

- **SwedBio** funding for finalising two videos on ICCAs and the Consortium – came to end in March 2019
- **Anonymous Donor** funding for core costs and initial leadership transition meeting – came to an end in April 2019
- **The Christensen Fund** ongoing funding for core costs, communication and international policy advocacy – came to an end on 30 June 2019
- **UNDP GEF SGP Global Support Initiative for ICCAs** ongoing funding – due to end 31 December 2019 but likely extension

# Successful Proposals 2019

- **Tikva Grassroots Empowerment Fund of Tides Foundation** funding received to support the GA and associated meetings
- **SwedBio** funding received to develop a critical mass of support in around 10 countries, international policy work and the GA and associated meetings
- **The Christensen Fund** successful proposal to focus on post-2020 CBD strategic initiatives, international policy work and the GA and associated meetings
- **Anonymous Donor** successful proposal to cover a major leadership transition meeting and significant core costs
- **WWF-International Inclusive Conservation** funding received for participation of Consortium representatives to offer advice for the development of the High Impact Initiative on People Protecting Landscapes and Seascapes
- **Conservation through Reconciliation Partnership** successful proposal by University of Guelph, Canada (Consortium as partner)

# Proposals Outstanding / In Progress 2019

- **Oak Foundation** marine proposal submitted - large proposal involving many Members
- **Wyss Foundation's Campaign for Nature** – concept note submitted for participation of indigenous peoples and local communities in the post-2020 global biodiversity framework
- **MacArthur Foundation** – large proposal submitted by Cicada and McGill University in collaboration with the Consortium
- **Voice** – supporting Natural Justice to develop a proposal on defending territories of life and their defenders in Africa
- **Commonwealth Foundation** – supporting Zambia Community Based Natural Resource Management Forum to develop a proposal on ICCAs in Zambia

# Future possibilities

- **GSI Phase II** – with partners and Members - at discussion stage, may become several proposals
- **Large scale funding around inclusive conservation** – e.g., through Global Environment Facility, Dutch Ministry of Foreign Affairs
- **Oceans 5** – possible co-funding with Oak Foundation proposal
- **National Geographic Society** – communications, post-2020 campaigns
- **Environmental Defenders Collaborative** invitation to submit a proposal for a first grant
- **International Funders for Indigenous Peoples** – possible smaller grants for Members
- Looking at a range of other funders for both core and programmatic costs
